HOW TO DOWNLOAD YOUR TEMPLATE IN DIFFERENT FILE TYPES(PNG, JPEG ETC..)

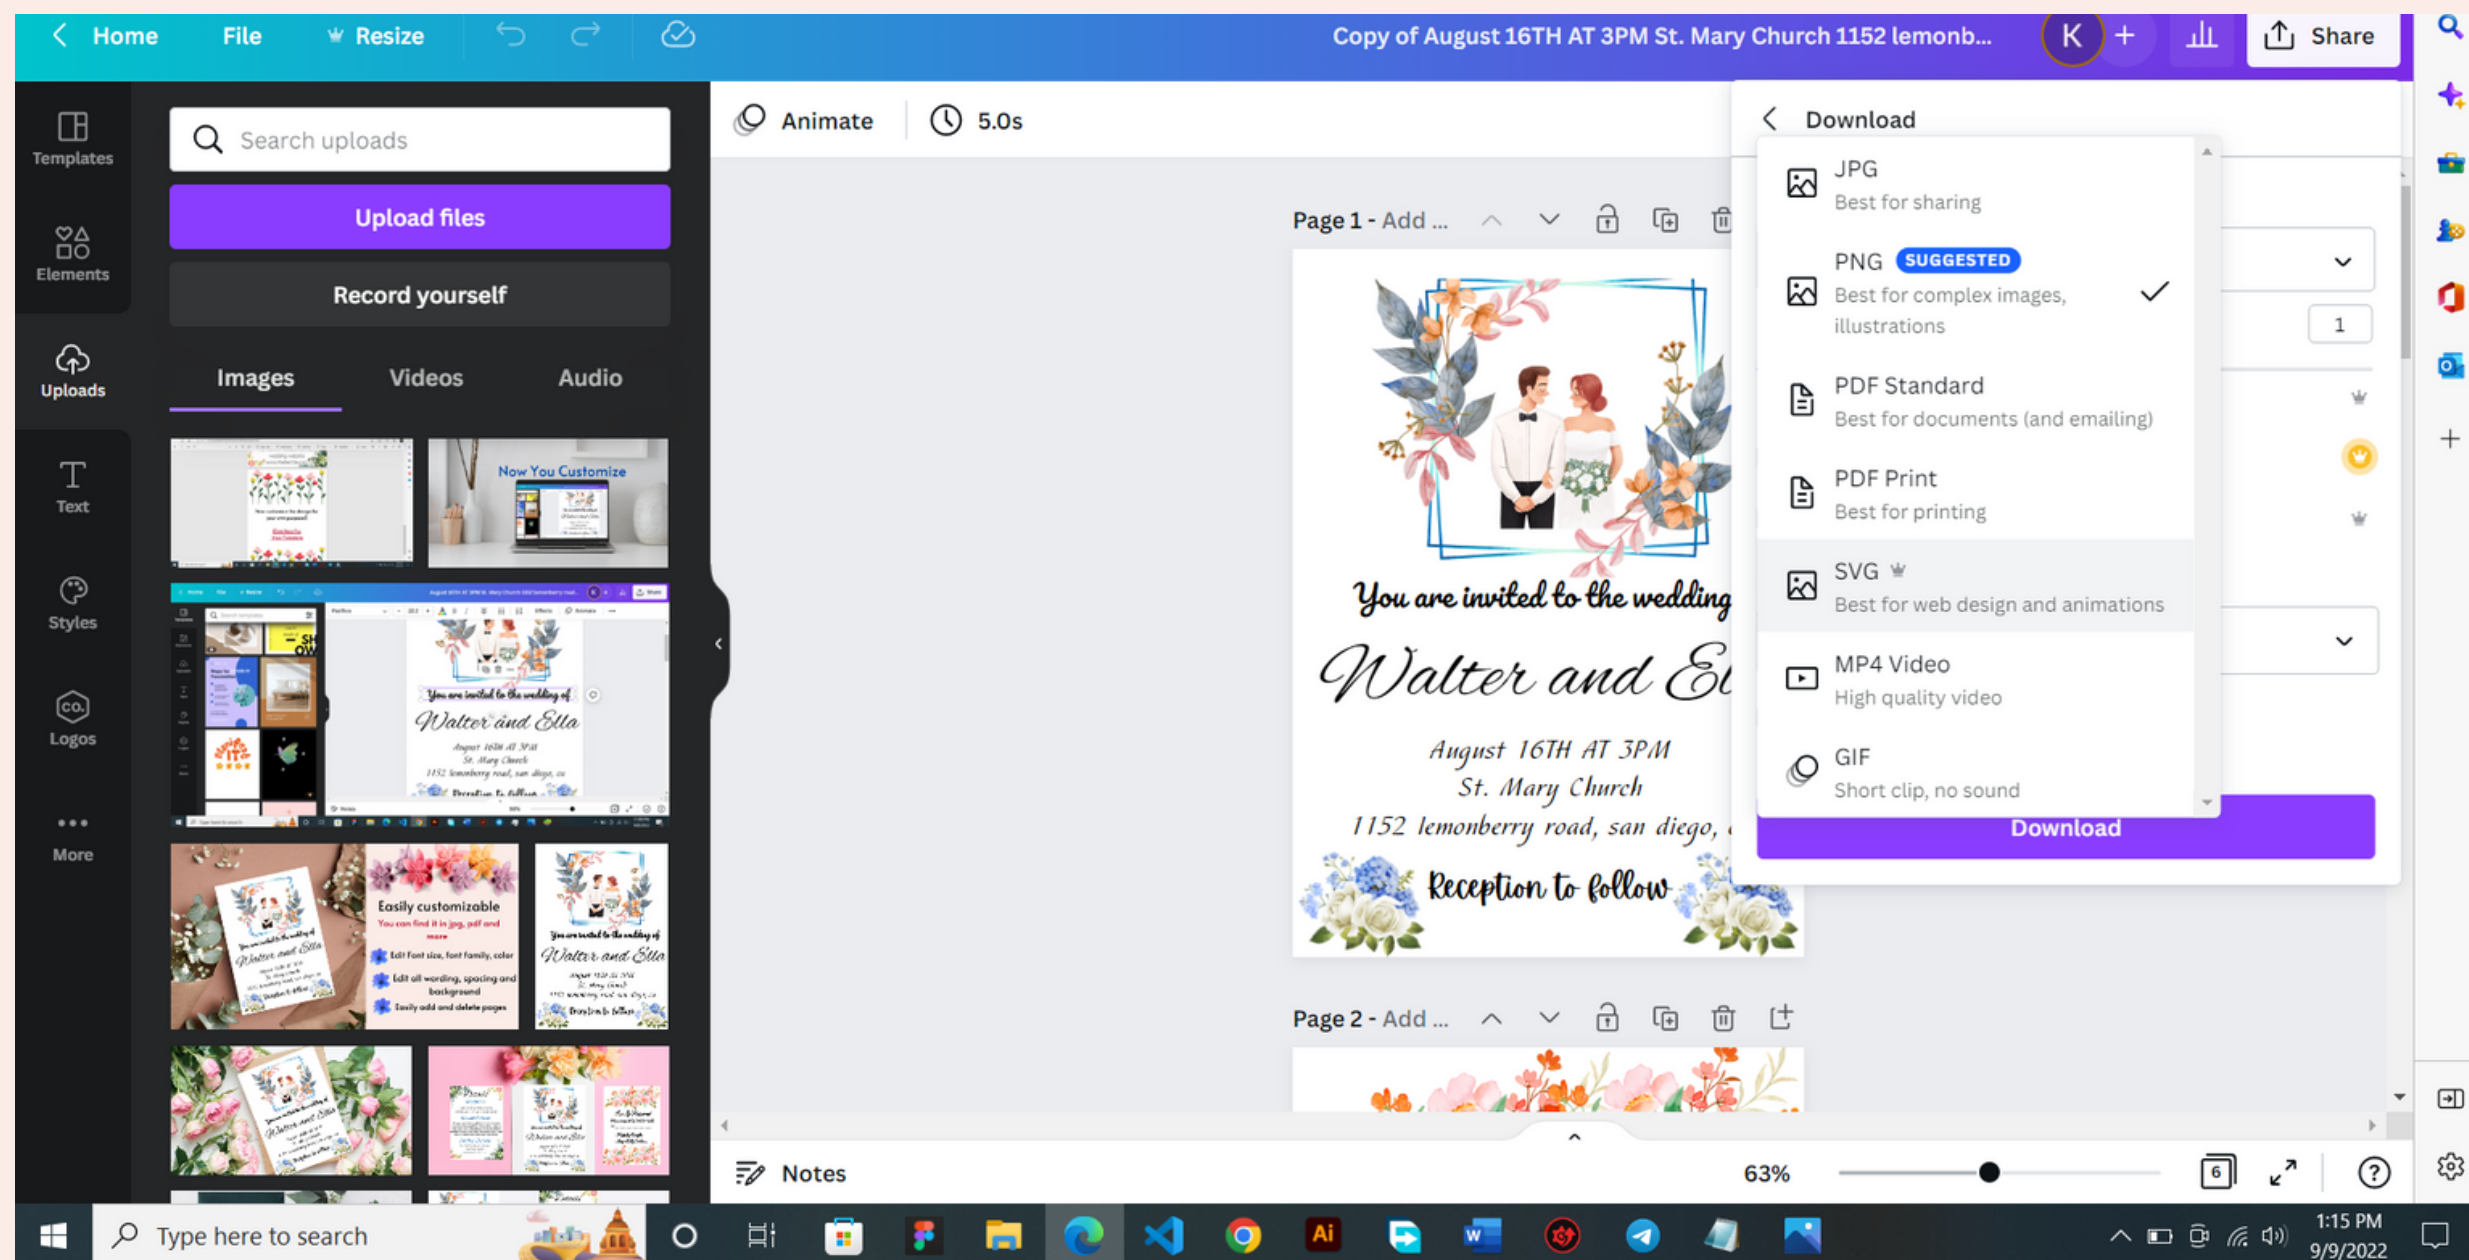

1.Go to file on the top left corner of canva

2. Click on the download button found on the bottom

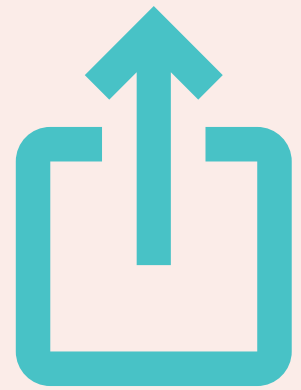

3. TADA!!! Now download it in the form you want. (jpeg, png, pdf...)

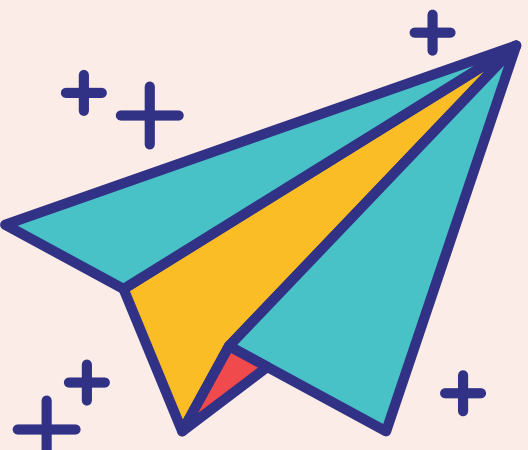

JUST IN CASE

Due to canva's working policy, you may be asked to pay for downloading your template since it has pro features. But in that case you don't need to pay.

Here is what you need to do!!

Click the Share button on the top right corner of canva.

Copy and send the link to my gmail account(keababte@gmail.com) , then I'll download and send your template on your gmail.

Thank you very much!!!

Good luck on editing.
